

212 Series Wall Thermometers

The 212 series wall thermometers all have a large, easy-to-read dial, 12" (305 mm) in diameter. The 212-158 and 212-159 feature brightly colored HACCP reference color-zones on the dial face for easy viewing, as well as increasing employee awareness while monitoring temperatures. All three units have a 0% to 100% Relative Humidity dial. Easy to mount with back hanger and plastic lens with UV protection for outdoor environments.
